

HABITAT RESTORATION WORKGROUP

Follow-up Meeting
December 20th, 2018
12:30 pm. to 3:30 p.m.

Location:

235 Promenade St, Providence, RI – Room 300

Use this [hyperlink](#) for directions and parking options to The Foundry Building (carpooling is encouraged)

Goals for this meeting,

- Define framework utilizing inputs from kick-off meeting, follow-up comments, and existing data and resources – *what project techniques can be considered to meet goals of “habitat restoration”?*
- Confirm data sources and gaps that are suitable for the scope of this project
- Create a list of categories to standardize data across sources

Agenda:

Meet	Introductions
	<ul style="list-style-type: none"> ▪ Project team and updates ▪ Workgroup participants
Set the stage	Summary of kick-off meeting
	<ul style="list-style-type: none"> ▪ Available data & data sharing ▪ Categorizing projects ▪ Most useful information to include ▪ Usefulness of the map and tracking database
Define	Habitat restoration tracking framework
	<ul style="list-style-type: none"> ▪ Types of projects that represent “Habitat Restoration” ▪ Existing terminology (information) from available data ▪ What are “project goals”? ▪ Products: <i>Database to Map to Online Tool</i>
BREAK	
Confirm	Data & Sources, Partners
	<ul style="list-style-type: none"> ▪ Inclusive and overlap across sources ▪ Gaps: other sources, other relevant information or data ▪ Not relevant
Create	Seamless database and representation
	<ul style="list-style-type: none"> ▪ Standardize terminology & streamlined process ▪ Categories and representation to better communicate about “Habitat Restoration”
Conclude	Next steps
